Data Dictionary for Quarterly Dialysis Facility Care Compare Downloadable Database

Public Release Date: January 2024 (Preview Period: November 1 – 15, 2023)

This document provides the name, length, label, and type for each variable included in the downloadable database available on the DialysisData.org website.

The measures are calculated using the methodology described in the *Guide to the Quarterly Dialysis Facility Care Compare (QDFCC) Report* and the *Guide to the New Measure Table in the Quarterly Dialysis Facility Care Compare (QDFCC) Report* available for download from the "DFCC METHODS" tab of the Dialysis Data website (https://dialysisdata.org/sites/default/files/content/dfccmethodology).
